

Section 00 65 19 / Certificate of Final Completion – Capital Improvement Project

DBA Project Number: 9302001

Project Name: Closure of C&H Hog Farm Waste Storage Ponds

We, the undersigned parties, state:

- 1) The date of final completion for the above referenced project is herein established as: Tuesday, September 15, 2020

- 2) All known details of the project are resolved and there is no uncompleted work left, no Contractor claims or outstanding progress payment(s).
- 3) The project punch list items, excluding warranty work is complete.
- 4) The substantial completion certificate previously executed established the twelve (12) month warranty period for projects and a twenty four (24) month warranty for roofing projects, or both. Sixty (60) days prior to the warranty expiration the parties listed below shall conduct a final warranty inspection; this report will be delivered to the Contractor who will correct all defects identified in the Design Professionals or Owners follow-up inspection reports.
